Re: *Notice of Oral Ex Parte Communication*
WC Docket No. 04-36 -- IP-Enabled Services
WC Docket No. 03-211 -- Vonage Petition for Declaratory Ruling

Dear Ms. Dortch:

On November 8, 2004, Daniel Gonzalez, Senior Legal Advisor to Commissioner Kevin Martin, contacted Alexandra Wilson, Vice President of Public Policy for Cox Enterprises, Inc., to request clarifying facts relating to the above-captioned proceedings. In response to Mr. Gonzalez's questions, Alexander Netchvolodoff, Senior Vice President of Public Policy, and Ms. Wilson reported that Cox Communications, Inc. uses IP-enabled customer premises equipment located inside the customer's dwelling to provide all of its voice over Internet Protocol (VoIP) service to Cox customers. Cox continues to examine whether this approach should be used in the future to provide VoIP services in multiple dwelling units.

In accordance with the requirements of Section 1.1204(a)(10) and Section 1.1206 of the Commission's rules, the original and three copies of this letter are being submitted to your office on this date and a copy of this letter is being sent to Mr. Gonzalez. Please contact Ms. Wilson at (202) 296-4933 if any question should arise in connection with this communication.

Sincerely,

To-Quyen Truong
Counsel to Cox Communications, Inc.
